15th Annual European

Pediatric colorectal and pelvic reconstruction meeting

WEDNESDAY, OCTOBER 23rd 2024

Scientific program

9:00 • 17:45 h. **PEDIATRIC COLORECTAL WORKSHOP FOR TRAINEES AND JUNIOR FACULTY**

■ **Morning: Anorectal malformations**

9:00 • 9:30 h. [Registration](#)

9:30 • 9:45 h. [Welcome](#). *Ivo de Blaauw*

9:45 • 10:15 h. Newborn diagnosis and management in ARM. *Paola Midrio*

10:15 • 10:45 h. Steps of PSARP with video presentations. *Jonathan Sutcliffe & Ivo de Blaauw*

10:45 • 11:15 h. **Break**

11:15 • 11:45 h. Instruction for hands-on training on the model. *Ivo de Blaauw/All*

11:45 • 13:00 h. Hands-on training PSARP on inanimate ARM models. *All*

13:00 • 14:00 h. **Lunch break**

■ **Afternoon: Hirschsprung disease**

14:00 • 14:30 h. Neonatal diagnosis and treatment of HD. *Jonathan Sutcliffe*

14:30 • 15:00 h. Basic pathology in HD. *Marco Mesic*

15:00 • 15:15 h. HAEC. *Mike Stanton*

15:15 • 15:45 h. Steps of TERPT with video presentations. *Mike Stanton & Ivo de Blaauw*

15:45 • 16:15 h. **Break**

16:15 • 16:30 h. Instructions for hands-on training on model TERPT. *All*

16:30 • 17:45 h. Hands-on training TERPT on inanimate colorectal models. *All*

Faculty: Marc Levitt (not present), Ivo de Blaauw, Marco Mesic, Paola Midrio, Michael Stanton, Roxana Rassouli (not present), Jonathan Sutcliffe.

THURSDAY, OCTOBER 24th 2024 (Aula Magna)

8:00 • 8:30 h. **Registration**

8:30 • 9:00 h. **Welcome.** *Juan de Agustin and Leopoldo Martínez.*

9:00 • 10:30 h. **FECAL DIVERSION IN ARM (1.5h)**

Moderator: Paola Midrio. Panelists and topics: Eva Amerstofer, Giulia Brisighelli, Anna Morandi, Mike Stanton, Roxana Rassouli-Kirchmeier

Topics covered: (some overlapping may be possible)

- Types of colostomy. (*Stanton*)
- Is there a room for ileostomy in ARM: how and when. (*Morandi*)
- What is new on open and laparoscopic techniques? (*Amerstofer*)
- Ostomy in low-resource countries. (*Brisighelli*)
- Complications associated with stomas. (*Rassouli-Kirchmeier*)

10 min per topic (50min) and 40 min discussion.

10:30 • 11:00 h. **Coffe break**

11:00 • 12:30 h. **WHAT'S NEW IN ARM IN THE LAST 5 YEARS? PREOPERATIVE EVALUATION AND SURGICAL MANAGEMENT (1.5h)**

Moderator: Roxana Rassouli-Kirchmeier. Panelists: Lucie Pos, Marko Mesic, Carlos Gine, Juan Calisto, Carlos Reck

Topics covered:

- What is new in the preoperative evaluation? (*Pos*)
- What are the new open techniques? (*Mesic*)
- What are the new technological advances that facilitate the dissection? (*Gine*)
- What is new in the robotic approach to ARM? (*Calisto*)
- Artificial intelligence in pediatric colorectal surgery. (*Reck*)

10 min per topic (50 min) and 40 min discussion.

12:30 • 13:30 h. **LUNCH WITH THE EXPERTS (3rd Floor)**

Topics by table:

- Table 1: What to do after a PSARP wound dehiscence? (*Lacher*)
- Table 2: Malone vs cecostomy vs rectal flushes: How to decide what is best? (*Inbal Samuk*)
- Table 3: How and when to transition from enemas to laxatives in ARM? (*Gasior*)

13:30 • 15:00 h. **WHAT IS NEW IN THE MANAGEMENT OF CLOACAL MALFORMATIONS: PREOPERATIVE, INTRAOPERATIVE, AND POSTOPERATIVE CONSIDERATIONS (1.5h)**

Moderator: Marc Levitt. Panelists: Richard Wood, Rebecca Rentea, Belinda Dickie, Leslie Breech, Ivo de Blaauw

Topics covered:

- What are the results using the common channel and urethral length algorithm? (*Wood*)
- Is MIS an option in cloacal malformations. (*Rentea*)
- How to decide if the vagina should be pulled through? (*Blaauw*)
- Vaginal replacement with bowel in the long term? (*Dickie*)
- What to do at puberty? Fertility potential? Obstetric considerations? (*Breech*)
- Briony Varda: The urologist perspective

10 min per topic (60 min) and 30 min discussion.

15:00 • 15:15 h. **Coffee break**

15:15 • 16:45 h. **UROLOGICAL NEEDS IN COMPLEX CONGENITAL PELVIC ANOMALIES (1.5h)**

Moderator: Laura Burgos. Panelists: Jonathan Hencke, Briony Varda, Sonia Pérez Bertólez, Essam Elhalaby and María José Martínez Urrutia

Topics covered:

- Hypospadias in patients with ARM. (*Hencke, TEPS*)
- Male ARM with single kidney and VUR. (*Pérez Bertólez*)
- Consequences of leaving the UG sinus untouched in a cloaca. (*Varda*)
- Special considerations in patients with cloaca and CKD? (*Martínez Urrutia*)

10 min per topic (50 min) and 40 min discussion.

16:45 • 17:30 h. **JEOPARDY GAME FOR ARM AND HD: GEOGRAPHIC BATTLE (45 min.)**

Martin Lacher, Ivo de Blaauw and Marc A. Levitt

FRIDAY, OCTOBER 25th 2024 (Aula Magna)

9:00 • 10:30 h. **NEW INSIGHTS IN HIRSCHSPRUNG DISEASE (1.5h)**

Moderator: Ivo de Blaauw. **Panelists:** Joe Curry, Chris Westgarth-Taylor, Andrea Badillo, Ana Lof Ganstrom, Tomas Wester

Topics covered:

- Is the TZ and the measurement of nerves as important as we think? (Curry)
- Differences in management and outcomes in low and middle resource countries in HD. (Westgarth-Taylor)
- MIS vs open/transanal: what is the best approach? (Badillo)
- Fertility and other unexpected issues in adult patients with HD. (Lof Ganstrom)
- Ongoing research in HD: What is the future?. (Wester)

10 min per topic (50 min) and 40 min discussion.

10:30 • 11:00 h. Coffee break

11:00 • 12:30 h. **TOTAL COLONIC AGANGLIONOSIS (1.5h)**

Moderator: Pernilla Stenstrom. **Panelists:** Judith Lindert, Alessio Pini Prato, Marieke Witvliet, Jan Goseman, Irene Schokker

Topics covered:

- Updates in TCA. Is there anything new on the surgical management?
- IBD in HD. (Pini Prato)
- Long term results: what does the literature say? (Witvliet)
- Stoma care, urine sodium, perineal rash care, timing of the pull-through, treatment of hypermotility. (Schokker)
- ERN working group research lines. Goseman)

10 min per topic (50 min) and 40 min discussion.

12:30 • 13:30 h. **LUNCH WITH THE EXPERTS (3rd Floor)****Topics by table:**

- Table 1: How to treat recurrent HAEC in patients with HD after the PT. (Jonathan Sutcliffe)
- Table 2: Perineal fistula: MINI PSARP at birth or dilations and wait? (Hosie)
- Table 3: When to transition from irrigations to enemas in HD. (Paola Midrio)

13:30 • 15:00 h. **ROLE OF THE PEDIATRIC SURGEON IN THE TREATMENT OF FUNCTIONAL CONSTIPATION (1.5h)**

Moderator: Alessandra Gasior

Panelists: Sebastian King, Alessio Pini, Sara Gortázar

Topics covered:

- Definition of constipation refractory to medical treatment: Complementary tests to diagnose types of FC. (King)
- Types of motility disorders. (King)
- What is the best surgical procedure to treat FC? (Pini)
- What is new in the management of refractory FC in adults? New Medications and neuromodulation. (Gortázar: Adult colorectal surgeon)

10 min per topic (40 min) and 50 min discussion.

15:00 • 15:15 h. Coffee break

15:15 • 16:45 h. **ROLE OF PELVIC FLOOR PHYSICAL THERAPY IN COLORECTAL PROBLEMS (1.5h)**

Moderator: Richard Wood

Panelists: Alessandra Gasior, Carmen Urbaneja, Kaitlin Dunn Scarpaci and Dalia Aminoff

Topics covered:

- Pelvic floor in adults with colorectal congenital malformations. (Gasior)
- Which patients can benefit from pelvic floor PT? (Urbaneja)
- How do we perform PFPT in children? (Scarpaci)
- Patient perspective: Psychological and physical consequences in adults with ARM.
- Do the patients have the right information about the importance of the Pelvic floor physical therapy? (Dalia Aminoff)

10 min per topic (50 min) and 40 min discussion.

16:45 • 18:00 h. **ORAL PRESENTATIONS: CASE REPORTS**

8 presentations: 3 min presentation and 5 min discussion

Moderators: Inbal Samuk and Ernesto Leva

11 presentations: 3 min presentation and 4 min discussion

20:30 h. Dinner

15th Annual European Pediatric Colorectal and Pelvic Reconstruction Conference

24-25 October 2024 • Madrid

Hospital Universitario Gregorio Marañón

PRESIDENTS:

Ivo de Blaauw and Marc Levitt

SCIENTIFIC COMMITTEE:

*Marc Levitt
Roxana Rassouli-Kirchmeier
Paola Midrio
Ivo de Blaauw,
Martin Lacher
Carlos Reck
Maria Fanjul
Javier Ordoñez Pereira
Alejandra Vilanova-Sánchez*

LOCAL ORGANIZING COMMITTEE:

*Alejandra Vilanova-Sánchez
María Fanjul
Javier Ordoñez
Laura Burgos Lucena
Leopoldo Martínez
Juan Carlos de Agustín*

FACULTY:

Spanish

*Alejandra Vilanova-Sánchez, Madrid, Spain
Carla Ramírez Amorós, Madrid, Spain
Carlos Giné, Barcelona, Spain
Carmen Urbaneja, Madrid, Spain
Javier Ordoñez, Madrid, Spain
Juan Carlos de Agustín, Madrid, Spain
Laura Burgos, Madrid, Spain
Leopoldo Martínez, Madrid, Spain
María Fanjul, Madrid, Spain
María José Martínez Urrutia, Madrid, Spain
Sara Gortázar, Madrid, Spain
Sonia Pérez Bertólez, Madrid, Spain*

International

*Alessandra Gasior, Columbus, Ohio
Alessio Pini Prato, Alessandria, Italy
Andrea Badillo, Washington DC, USA
Anna Iof Gasntrom, Stockholm, Sweden
Anna Morandi, Milan, Italy
Belinda Dickie, Boston, USA
Briony Varda, Washington DC USA
Carlos Reck, Vienna, Austria
Chris Westgarth Taylor, San Antonio, Texas USA
Ernesto Leva, Milan, Italy
Essam Elhalaby, Tanta, Egypt*

*Eva Amerstorfer, Graz, Austria
Gaia Tamaro, Italy
Giulia Brisighelli, Johannesburg, South Africa
Greg Ryan, Melbourne, Australia
Inbal Samuk, Petach Tikvah, Israel
Ivo de Blaauw, Nijmegen, Netherlands
Jan Goseman, Leipzig, Germany
Joe Curry, London UK
Jonathan Hencke, Stuttgart, Germany (TEPS)
Jonathan Sutcliffe, Leeds, UK
Juan Calisto, Miami, USA
Judith Lindert, Rostok, Germany
Leslie Breech, Cincinnati, USA
Lucie Pos, Prague, Czech Republic
Marc Levitt, Washington DC, USA
Marieke Witvliet, Utrecht, Netherlands
Marko Mesic, Zagreb, Croatia
Martin Lacher, Leipzig, Germany
Michael Stanton, Southampton UK
Paola Midrio, Treviso, Italy
Pernilla Stenström, Lund, Sweden
Rebecca Rentea, Kansas City, USA
Richard Wood, Columbus, USA
Roxana Rassouli-Kirchmeier, Nijmegen, Netherlands
Sebastian King, Melbourne, Australia
Stuart Hasie, Munich, Germany
Tomas Wester, Stockholm, Sweden*

NURSES:

*Irene Schokker, Nurse, Amsterdam, Netherlands
Catterina Bebington, Johannesburg SA
Krystal Artis, Advance Practice Provider, DC USA
Olivia Cleckley, Nurse DC USA
Kaitlin Dunn Scarpaci, Advance practice provider, DC USA*

MADRID

15th Annual European

Pediatric colorectal and pelvic reconstruction meeting

Oral Communications & Posters

Oral Communications

Appendicostomy: a novel technique for appendiceal stoma creation

Kurzrock, Eric. UC Davis Children's Hospital;

Comparison of cow milk and 15% hypertonic saline in the treatment of rectal prolapse in children

Ahmed, Mansoor. Shaheed Zulfiqar Ali Bhutto Medical University;

The simpler the anomaly, the harder the classification: how to manage dubious anorectal malformations?

Huijgen, D.. Department of Pediatric Surgery, Erasmus University Medical Center – Sophia Children's Hospital, Rotterdam, The Netherlands; Versteegh, H.P.. Department of Pediatric Surgery, Erasmus University Medical Center – Sophia Children's Hospital, Rotterdam, The Netherlands; Sloots, C.E.J.. Department of Pediatric Surgery, Erasmus University Medical Center – Sophia Children's Hospital, Rotterdam, The Netherlands;

Prolonged Psychological Burden on Parents Following Anal Dilation for Anorectal Malformation

Olsbø, Signe. Department of Gastrointestinal and Pediatric Surgery, Oslo University Hospital, Oslo, Norway; Telle Hoel, Anders. Department of Gastrointestinal and Pediatric Surgery, Oslo University Hospital, Oslo, Norway;; I. Austrheim, Astrid. Department of Gastrointestinal and Pediatric Surgery, Oslo University Hospital, Oslo, Norway; Hamilton-Larsen, Marie. Department of Behavioral Medicine, Institute of Basic Medical Science, Faculty of Medicine, University of Oslo, Oslo, Norway; Bjørnland, Kristin. Department of Gastrointestinal and Pediatric Surgery, Oslo University Hospital, Oslo, Norway;

Automated image analysis of barium enema for accurate diagnosis of hirschsprung disease using deep neural network: preliminary results

Vargova, Paulina. Hospital Universitario Miguel Servet; Corona Bellostas, Carolina. Hospital Universitario Miguel Servet; Gonzalez Esgueda, Ainara. Hospital Universitario Miguel Servet; Santiaño Tenorio, Andrea. Hospital Universitario Miguel Servet; Fernandez Atuan, Rafael. Hospital Universitario Miguel Servet

Gynecologic management during the cloaca repair: are there ever reasons to delay?

Tyraskis, Athanasios. Children's National Hospital; Varda, Briony. Children's National Hospital; Pohl, Hans. Children's National Hospital; Levitt, Marc. Children's National Hospital; Mayhew, Alison. Children's National Hospital.

Neurovesical dysfunction in Ano-Rectal Malformation: A pathological potpourri and therapeutic challenge

Naik, Charulata. Vardhmannmahavir Medical College And Safdarjung Hospital, New Delhi; Puri, Archana. Vardhmann Mahavir Medical College And Safdarjung Hospital.

Interstitial Cells control rhythmic contractility of human colon

Jawad, T. School of Biomedical Sciences, Faculty of Biological Sciences, University of Leeds, Leeds, UK; Daniel, J. School of Biomedical Sciences, Faculty of Biological Sciences, University of Leeds, Leeds, UK; Gamper, N. School of Biomedical Sciences, Faculty of Biological Sciences, University of Leeds, Leeds, UK; Drumm, B. Smooth Muscle Research Centre, Department of Life & Health Sciences, School of Health and Science, Dundalk Institute of Technology, Dundalk, Ireland; Sutcliffe, J. Department of Paediatric Surgery, Leeds General Infirmary, Leeds, UK.

Outcomes of duhamel and straight ileoanal pull-through procedures in pediatric total colonic aganglionosis: a retrospective review

Çan İhsan Öztörün
Öztörün, Çan İhsan. Ankara Yıldırım Beyazıt University Faculty of Medicine, Department of Pediatric Surgery; Erten, Elif Emel. Ankara Bilkent City Hospital Child Hospital Department of Pediatric Surgery.

Presence of ganglion cells in the appendix in patients with and without Hirschsprung's disease from neonates to the elderly

Sterne Curvello, Carla Antonia. Universitätsmedizin Rostock; Stigler, L.. Department of Pediatric Surgery, University Medical Center Rostock, Germany; Erbersdobler, A.. Department of Pathology, University Medical Center Rostock, Germany; Hussein, R.. Department of General Surgery, University Medical Center Rostock, Germany; Lindert, J.. Department of Pediatric Surgery, University Medical Center Rostock, Germany

An Overview of Clinical Outcome of Cloacal Exstrophy: A Single-Center Experience

Alahmari, A. Pediatric surgery department, King Abdulaziz Specialized Children Hospital (KASCH), Riyadh, Saudi Arabia.; Almaary, J. Pediatric surgery department, King Abdulaziz Specialized Children Hospital (KASCH), Riyadh, Saudi Arabia.; Almodhen, F. Pediatric urology department, King Abdulaziz Specialized Children Hospital (KASCH), Riyadh, Saudi Arabia.

Single Incision Laparoscopic Surgery for Malone Antegrade Continent Enema: Optimizing Outcomes in Pediatric Bowel Management

Elhalaby, Ismael. Comprehensive Colorectal Center, Department of Surgery, Children's Mercy Hospital, Kansas City, USA; Lim-Beutel, Irene Isabel. Comprehensive Colorectal Center, Department of Surgery, Children's Mercy Hospital, Kansas City, USA; Bokova, Elizaveta. Comprehensive Colorectal Center, Department of Surgery, Children's Mercy Hospital, Kansas City, USA; Lewis, Wendy. Comprehensive Colorectal Center, Department of Surgery, Children's Mercy Hospital, Kansas City, USA; Rentea, Rebecca. Comprehensive Colorectal Center, Department of Surgery, Children's Mercy Hospital, Kansas City, USA.

Inflammatory myofibroblastic tumor of the colon in pediatrics, a case report with comprehensive literature review

Elhalaby, Ismael. Faculty of Medicine, Tanta University, Egypt; Shareef, Mohamed. Faculty of Medicine, Tanta University, Egypt; Elhalaby, Rofyda. Faculty of Medicine, Tanta University, Egypt; Elhalaby, Essam. Faculty of Medicine, Tanta University, Egypt;

Total laparoscopic SWENSON pull-through for rectosigmoid Hirschsprung's disease: Lesons learned from 29 consecutive patients

Skaba, Richard. Department of Paediatric Surgery, Second Faculty of Medicine, Charles University and Motol University Hospital, Prague, Czech Republic; Dotlacil, Vojtech. Department of Paediatric Surgery, Second Faculty of Medicine, Charles University and Motol University Hospital, Prague, Czech Republic; Rouskova, Blanka. Department of Paediatric Surgery, Second Faculty of Medicine, Charles University and Motol University Hospital, Prague, Czech Republic; Pos, Lucie. Department of Paediatric Surgery, Second Faculty of Medicine, Charles University and Motol University Hospital, Prague, Czech Republic.

Environmental Considerations in Uroflowmetry Interpretation: A Pilot Study Exploring Differences Between an Exam Room and a Bathroom Setting

Scarpaci, Kaitlin. Children's National Hospital; Levitt, Marc. Children's National Hospital; Varda, Briony. Children's National Hospital; Gibbs, Kiley. Children's National Hospital.

Video-Assisted Rectal Reconstruction in a Child with Severe Paraproctitis Post-Mucositis

Shchapov, Nikolay. Ilyinskaya Hospital; Pykhteev, Dmitry. Moscow Regional Research and Clinical Institute ("MONIKI").

Age-Related Characteristics of Clinical Course of Hemorrhoids in Children

Khamraev, Abdurashid. Tashkent Pediatric Medical Institute; Fayzullaev, Fazliddin. Samarkand Regional Children's Multidisciplinary Medical Center.

Partial Sphincteroplasty in Pediatric Patients with External Anal Sphincter Deficiency

Shchapov, Nikolay. Ilyinskaya Hospital; Pykhteev, Dmitry. Moscow Regional Research and Clinical Institute ("MONIKI"); Kulikov, Denis. Ilyinskaya Hospital; Dzhavatkhanova, Risalat. Russian Medical Academy of Continuous Professional Education, Filatov Children's City Clinical Hospital.

CO2 Laser Application in the Surgical Reconstruction of Cloacal Malformations: A Series of Clinical Cases

Shchapov, Nikolay. Ilyinskaya Hospital; Kulikov, Denis. Ilyinskaya Hospital; Ilyin, Anton. Ilyinskaya Hospital; Nurullina, Yulia. Ilyinskaya Hospital.

Gloveport-Assisted Laparoscopic Enteropexy for Prolapsing Stoma (LEPS) in Pediatric Patients with PIPO Syndrome: A Case Series

Santiño Tenorio, Andrea. Hospital Universitario Miguel Servet; Corona Bellostas, Carolina. Hospital Universitario Miguel Servet; González Esgueda, Ainara. Hospital Universitario Miguel Servet; Vargova, Paulina. Hospital Universitario Miguel Servet; Fernández Atuan, Rafael. Hospital Universitario Miguel Servet.

Rectosigmoid perforation in ARM during waiting for lateral prone cross-table film

Srisan, Nimmita. Chulalongkorn University; Vejchapipat, Paisarn. Chulalongkorn University.

Injection Sclerotherapy in Rectal Prolapse: is it worth trying?

Correia, Mário Rui. Unidade Local de Saúde de Santo António, Porto, Portugal; Barros, Ana Isabel. Unidade Local de Saúde de Santo António, Porto, Portugal; Carvalho, Fátima. Unidade Local de Saúde de Santo António, Porto, Portugal; Bonet, Berta. Unidade Local de Saúde de Santo António, Porto, Portugal; Carvalho, Catarina. Unidade Local de Saúde de Santo António, Porto, Portugal.

H-type ARM, a case report of an easily missed fistula in a male patient

Ramirez Amoros, Carla. Hospital Universitario La Paz; San Basilio Berenguer, Maria. Hospital Universitario La Paz; Martínez Martínez, Leopoldo. Hospital Universitario La Paz; Martínez Urrutia, María Jose. Hospital Universitario La Paz; Vilanova Sanchez, Alejandra. Hospital Universitario La Paz.

Case report of a rare isolated foetal extraperitoneal rectal perforation

Ramirez Amoros, Carla. Hospital Universitario La Paz; San Basilio Berenguer, Maria. Hospital Universitario La Paz; Martínez Martínez, Leopoldo. Hospital Universitario La Paz; Encinas Hernandez, Jose Luis. Hospital Universitario La Paz; Vilanova Sanchez, Alejandra. Hospital Universitario La Paz.

More Harm Than Good? Parental Perspectives on Dilatations in Anorectal Malformations

Freitas Barros, A.. Department of Pediatric Surgery of Unidade Local de Saúde de Santo António; Pacheco Correia, M.. Department of Pediatric Surgery of Unidade Local de Saúde de Santo António; Costa Carvalho, F.. Department of Pediatric Surgery of Unidade Local de Saúde de Santo António; Bonet Ubierna, B.. Department of Pediatric Surgery of Unidade Local de Saúde de Santo António; Barbosa de Carvalho, C.. Department of Pediatric Surgery of Unidade Local de Saúde de Santo António.

Total intestinal and colonic aganglionosis: our last 10 years experience

Govorukhina, O.. Republican Scientific and Practical Center of Pediatric Surgery, Belarus; Kliuyeva, V.. Republican Scientific and Practical Center of Pediatric Surgery, Belarus; Svirsky, A.. Republican Scientific and Practical Center of Pediatric Surgery, Belarus.

Anal Sphincter Reconstruction Using the Posterior Sagittal Approach for Pediatric Perineal Trauma

Ryan, J.. George Washington University School of Medicine, Washington, DC; Xu, T.. Division of Colorectal and Pelvic Reconstruction, Children's National Hospital, Washington, DC; Badillo, A.. Division of Colorectal and Pelvic Reconstruction, Children's National Hospital, Washington, DC; Feng, C.. Division of Colorectal and Pelvic Reconstruction, Children's National Hospital, Washington, DC; Levitt, M.. George Washington University School of Medicine, Washington, DC; Division of Colorectal and Pelvic Reconstruction, Children's National Hospital, Washington, DC.

Enhancing Patient and Family Awareness and Education Through Integrative Approaches in Bowel Management: A Psychology and Nursing Perspective

Cleckley, Olivia. Childrens National Hospital; Romano-Verthelyi, Ari. Childrens National Hospital; Worst, Katherine. Childrens National Hospital; Choueiki, Julie. Childrens National Hospital; Levitt, Marc. Childrens National Hospital.

Pediatric transanal irrigation system: evaluation from caregiver's perspective

Ramirez Calazans, Ana. Reina Sofia University Hospital, Cordoba, Spain; Murcia Pascual, Francisco Javier. Reina Sofia University Hospital, Cordoba, Spain; Paredes Esteban, Rosa Maria. Reina Sofia University Hospital, Cordoba, Spain;

Pediatric Psychology as a Key Component of a Colorectal Program: How Integrated Behavioral Health Can Support Patient Care

Romano-Verthelyi, Ari. Children's National Hospital, Washington DC, USA; Xu, Thomas O.. Children's National Hospital, Washington DC, USA; Cleckley, Olivia. Children's National Hospital, Washington DC, USA; Samuk, Inbal. Children's National Hospital, Washington DC, USA; Levitt, Marc. Children's National Hospital, Washington DC, USA.

Bardet-Biedl syndrome in childhood: A colorectal approach

Alameda Aguado, Inés. Hospital Regional Universitario de Málaga; Gallego Fernández, Ángel. Hospital Universitario Virgen de Las Nieves; Díaz Diñeiro, María. Hospital Regional Universitario de Málaga.

Long-term outcomes of high anorectal malformations : about 56 cases

Guitouni, Asma/ AS. Department of Pediatric Surgery «A», Children's Hospital of Tunis Tunisia; Dridi, Aroussia/AR. Department of Pediatric Surgery «A», Children's Hospital of Tunis Tunisia; Ben Alaya, Nour El Houda/ NO. Department of Pediatric Surgery «A», Children's Hospital of Tunis Tunisia; Houas, Yasmine/ YA. Department of Pediatric Surgery «A», Children's Hospital of Tunis Tunisia; Jouini, Riadh/ RI. Department of Pediatric Surgery «A», Children's Hospital of Tunis Tunisia.

Endorectal pull-through for rectal atresia: about 2 cases

Guitouni, Asma/ AS. Department of Pediatric Surgery «A», Children's Hospital of Tunis Tunisia; Aziza, Bochra/ BO. Department of Pediatric Surgery «A», Children's Hospital of Tunis Tunisia; Dridi, Aroussia/ AR. Department of Pediatric Surgery «A», Children's Hospital of Tunis Tunisia; Ghaddab, Nader Bennour / NA. Department of Pediatric Surgery «A», Children's Hospital of Tunis Tunisia; Jouini, Riadh/ RI. Department of Pediatric Surgery «A», Children's Hospital of Tunis Tunisia.

Rectal prolapse following posterior sagittal anorectoplasty: Special case report and review of the literature

Guitouni, Asma/ AS. Department of Pediatric Surgery «A», Children's Hospital of Tunis Tunisia; Aziza, Bochra/ BO. Department of Pediatric Surgery «A», Children's Hospital of Tunis Tunisia; Ben Alaya, Nour El Houda/ NO. Department of Pediatric Surgery «A», Children's Hospital of Tunis Tunisia; Dridi, Aroussia/ AR. Department of Pediatric Surgery «A», Children's Hospital of Tunis Tunisia; Jouini, Riadh/ RI. Department of Pediatric Surgery «A», Children's Hospital of Tunis Tunisia.

Unusual occurrence of acquired hypoganglionosis following surgery for Hirschsprung disease

Guitouni, Asma/ AS. Department of Pediatric Surgery «A», Children's Hospital of Tunis Tunisia; Thamri, Fatma/ FA. Department of Pediatric Surgery «A», Children's Hospital of Tunis Tunisia; Houidi, Senda/ SE. Department of Pediatric Surgery «A», Children's Hospital of Tunis Tunisia; Sahli, Sondes/ SO. Department of Pediatric Surgery «A», Children's Hospital of Tunis Tunisia; Jouini, Riadh/ RI. Department of Pediatric Surgery «A», Children's Hospital of Tunis Tunisia.

Management and Outcomes of isolated Rectal Hyposensitivity in a Child with Chronic Constipation: A Case Study and Literature Review

Aziza, Bochra/ BO. Department of Pediatric Surgery «A», Children's Hospital of Tunis Tunisia; Guitouni, Asma/ AS. Department of Pediatric Surgery «A», Children's Hospital of Tunis Tunisia; Kerkeni, Yosra/ YO. Department of Pediatric Surgery «A», Children's Hospital of Tunis Tunisia; Sahli, Sondes/ SO. Department of Pediatric Surgery «A», Children's Hospital of Tunis Tunisia; Jouini, Riadh/ RI. Department of Pediatric Surgery «A», Children's Hospital of Tunis Tunisia.

Can we rely on Sacral Ratio to predict anal continence in children with anorectal malformation?

Guitouni, Asma/ AS. Department of Pediatric Surgery «A», Children's Hospital of Tunis Tunisia; Aziza, Bochra/ BO. Department of Pediatric Surgery «A», Children's Hospital of Tunis Tunisia; Dridi, Aroussia/ AR. Department of Pediatric Surgery «A», Children's Hospital of Tunis Tunisia; Houas, Yasmine/ YA. Department of Pediatric Surgery «A», Children's Hospital of Tunis Tunisia; Jouini, Riadh/ RI. Department of Pediatric Surgery «A», Children's Hospital of Tunis Tunisia.

The Use of Endoanal Ultrasound to Evaluate the Muscle Complex in Anorectal Malformations

Roberts, Rebecca. Bristol Children's Hospital; Skerritt, Clare. Bristol Children's Hospital.

The Value of Psychological Therapy to Manage a Patient with Anorectal Malformation

Roberts, Rebecca. Bristol Children's Hospital; Bohr, Claire. Bristol Children's Hospital; Melville-Thomas, Rachel. Bristol Children's Hospital; Skerritt, Clare. Bristol Children's Hospital.

Anorectal malformations and fecal continence: the older, the better?

Mezni, Malek. Pediatric Surgery Department B, Bechir Hamza children's hospital, Tunis, Tunisia.; Ben Ahmed, Yosra. Pediatric Surgery Department B, Bechir Hamza children's hospital, Tunis, Tunisia.; Mseddi, Aziz. Pediatric Surgery Department B, Bechir Hamza children's hospital, Tunis, Tunisia.; Charieg, Awatef. Pediatric Surgery Department B, Bechir Hamza children's hospital, Tunis, Tunisia.; Jilidi, Said. Pediatric Surgery Department B, Bechir Hamza children's hospital, Tunis, Tunisia.

Reference values for toilet training: a framework derived from 6850 children in a population-based study

Huijgen, D.. Department of Pediatric Surgery, Erasmus University Medical Center - Sophia Children's Hospital, Rotterdam, The Netherlands; Versteegh, H.P.. Department of Pediatric Surgery, Erasmus University Medical Center - Sophia Children's Hospital, Rotterdam, The Netherlands; Jaddoe, V.W.V.. The Generation R Study Group, Erasmus University Medical Center - Sophia Children's Hospital, Rotterdam, The Netherlands; Sloots, C.E.J.. Department of Pediatric Surgery, Erasmus University Medical Center - Sophia Children's Hospital, Rotterdam, The Netherlands.

Functional constipation in children: what should pediatric surgeon do?

Mezni, Malek. Pediatric Surgery Department B, Bechir Hamza children's hospital, Tunis, Tunisia.; Ben Ahmed, Yosra. Pediatric Surgery Department B, Bechir Hamza children's hospital, Tunis, Tunisia.; Oumaya, Meriem. Pediatric Surgery Department B, Bechir Hamza children's hospital, Tunis, Tunisia.; Charieg, Awatef. Pediatric Surgery Department B, Bechir Hamza children's hospital, Tunis, Tunisia.; Jlidi, Said. Pediatric Surgery Department B, Bechir Hamza children's hospital, Tunis, Tunisia.

Perforated ulcer: an uncommon cause of peritonitis in children

Mezni, Malek. Pediatric Surgery Department B, Bechir Hamza children's hospital, Tunis, Tunisia.; Marzouki, Maryem. Pediatric Surgery Department B, Bechir Hamza children's hospital, Tunis, Tunisia.; Ben Ahmed, Yosra. Pediatric Surgery Department B, Bechir Hamza children's hospital, Tunis, Tunisia.; Charieg, Awatef. Pediatric Surgery Department B, Bechir Hamza children's hospital, Tunis, Tunisia.; Jlidi, Said. Pediatric Surgery Department B, Bechir Hamza children's hospital, Tunis, Tunisia.

Emergency management of late diagnosed HD in early adolescence

Mohamed, Mohamed Hassan. Ain Shams University Hospital.

Emergency management of late diagnosed HD in early adolescence

Mohamed, Mohamed Hassan. Ain Shams University Hospital.

Cloaca patients at puberty, what to consider, a 20 years experience overview

Mahfouz, arwa. king Abdulaziz medical city.

Suitability of appendix tip biopsy as a diagnostic tool for total colonic aganglionosis

Stigler, Laura. Universität Rostock; Sterneke-Curvello, Carla. Universität Rostock; Erbersdobler, Andreas. Universitätsmedizin Rostock; Märzheuser, Stefanie. Universitätsmedizin Rostock; Lindert, Judith. Universitätsmedizin Rostock.

Late-Onset Hirschsprung's Disease in Children Beyond Early Childhood

Aziza, bochra. department of pediatric surgery A.

Clinical Challenges to Distinguish Hirschsprung's Disease from Idiopathic Megacolon in older children

Aziza, bochra. departement of pediatric surgery A.

Experiences in the management of congenital h-type ano-vestibular fistula with normal anus: a pediatric colorectal center's perspective

Öztorun, Can İhsan. Ankara Yıldırım Beyazıt University; Öztorun, Can İhsan. Ankara Yıldırım Beyazıt University Faculty of Medicine, Department of Pediatric Surgery.

The Posterior Sagittal Approach Is Ideal for Urethral Reconstruction in Patients with Anorectal Malformations

Tyraskis, Athanasios. Children's National Hospital; El-Sayed, Jana. Children's National Hospital; Xu, Thomas. Children's National Hospital; Levit, Marc. Children's National Hospital; Varda, Briony. Children's National Hospital.

Sigmoid Colon Perforation as the First Symptom of Hirschsprung's Disease: A Case of Extremely Late Diagnosis
